Construction

Mud and more mud was the call on June 17, 2008. Construction work on the Squadron building was the order for the Seniors. There is still more work to be done but each time members work on the building it changes and will soon be all complete.

Safety

The Sentinel is the official safety newsletter of CAP. Items were reviewed by our Safety Officer 1Lt Jody Veek. He suggested everyone access www.cap.gov/safety, find and read The Sentinel for the month of May. Access the web site, click on Newsletters (Archived), 2008, then June to pull up the June issue. Accessing and reading The Sentinel should be a regular monthly activity for everyone. 1Lt Veek also reviewed water safety, life jacket requirements and how to retrieve someone from the water.
